THE CHOICE OF THE PROS®

## HEAVY DUTY

OR

## MEDIUM DUTY

OR

## FINISHING POLISH

Heavy

Light

**Produce that special look in less time with the EPIC™ Paint Correction System.**

**EPIC™ Heavy Duty Compound** is a correcting and polishing compound that removes severe defects and heavy oxidation, as well as P1500 sand scratches, and polishes to a deep gloss in one step.

**EPIC™ Medium Duty Compound** is a correcting and polishing compound that should be used when typical detailing correction is needed, such as car wash scratches and oxidation, as well as P2500 and up sand scratches, and polishes to a deep gloss in one step.

**EPIC™ Finishing Polish** can be used for light correction including daily wear and light car wash scratches, finishing to an ultra-deep gloss. It can also be used after EPIC™ Heavy Duty or EPIC™ Medium Duty Compounds for a very deep, show-car-level gloss.

***Less Steps. Less Effort. Brilliant Finish.***

**Choose the EPIC™ Correction Product that meets your 1-step needs**
